

WHAT ARE COOKIES?

A cookie is a small text file that a website saves on your computer or mobile device when you visit the site. It enables the website to remember your actions and preferences (such as login, language, font size and other display preferences) over a period of time, so you don't have to keep re-entering them whenever you come back to the site or browse from one page to another.

HOW DO WE USE COOKIES?

A number of our pages use cookies to:

- Keep you logged into the website
- Keep track of your basket items
- Check if you have agreed (or not) to our use of cookies on this site
- Collect anonymous data about your use of our website (how easily you find what you are looking for, how fast pages load for you) so that we can help improve our website in the future.

You can delete or block these cookies, but if you do that some features of this site may not work as intended.

The cookie-related information is not used to identify you personally and the pattern data is fully under our control. These cookies are not used for any purpose other than those described here.
